WHAT IS BUILD IT & CREATE IT?

Build It- Troops come that day prepared to build something out of miscellaneous materials that the event committee provides. Things such as cookies, crackers, frosting, Q-tips, paper, cups... the possibilities are endless, and you won't find out till you show up! A theme will be given, and prizes awarded to the troop with the best creation!

Create It- This is your troops chance to show off their creativity, and their cooking skills! After you register by Nov. 9, you're troop will be sent two boxes of Girl Scout Cookies, flavor to-be-determined. You are then given the challenge of creating a wonderful (edible) dessert to bring to the event on Jan. 9. The dessert must serve at least 3 judges, who will pick which troops creation is the most delicious, and most creative! Prizes will be awarded to the winners.
